Danish Refugee Council RO02 _____ has in reference to above tender period received the following questions to the Tender, and hereby provides responsive answers by best endeavour to all relevant Vendors & Suppliers.

#	Enquiries to the Tender		
	Date	Question	Answer
	18/11/2022	The RFP states that services for this work must be completed by 20 December, yet estimates the amount of days required to complete the work as 40 days. As there are not even 40 calendar days between the closing date for the call (let alone award date) and 20 December, could you kindly clarify if this deadline remains in place or has since been revised? If it has been revised, what is the new deadline? This will help us to determine the most appropriate work plan and budget structure for this call.	Confirmed the deadline on 20 Dec 2022 as mentioned. We expect receiving applications/bids from teams to meet our donor deadline.
	18/11/2022	The submission instructions state that submissions not using Annex A (technical form) will be disqualified, but Annex A is not included in the document package provided (rather only Annex A2 Financial Form), and directions provided elsewhere in the instructions state that the technical proposal should correspond to the TOR using the bidder's format. Could you kindly confirm which format is needed to ensure our submission meets qualification requirements? If Annex A is indeed still required, could you kindly direct us how to access it?	Based on RFP letter , Annex A is the supplier own template for technical proposal and no format for this. Thus only Annex A2 for financial bid is attached in the tender.

Yours sincerely,
