Danish Refugee Council RO02 has in reference to above tender period received the following questions

to the Tender, and hereby provides responsive answers by best endeavour to all relevant Vendors & Suppliers.

#	Enquiries to the Tender		
	Date	Question	Answer
	10/11/2022	Can a company apply for this tender or you are looking for one consultant?	Yes companies can apply with having candidate consultants for this tender and to submit their CVs.
	10/11/2022	I am tax resident in the United Kingdom and registered as "self employed" and have both a Unique Tax Number (UTR) and a National Insurance Number and can provide evidence of that, Is this sufficient in terms of the type of work of applicant ?	For individuals to provide a tax certificate registered in the relevant country where the consultant has its place of business (to be mentioned you provide consultancy services)
	10/11/2022	In the RFP covering letter states that the RFP includes "Annex A: DRC Bid Form (Technical bid and Financial bid)". However, I can only see Annex A2: Financial Bid Form, but no technical bid form	Based on RFP letter , Annex A is the supplier own template for technical proposal. Thus only Annex A2 for financial bid is attached in the tender.
	10/11/2022	You specify that the applicant is expected to be an individual consultant, I will be the sole individual responsible for conditions in Annex G. However, can I include in the work an experienced colleague with whom I sometimes collaborate on consultancy projects? I can send both our CVs as team members, but I can remain the sole person responsible. Please advise me on this situation.	DRC open this tender to all companies and individuals. You can team up with your colleague. Your colleague has to have a commercial certificate from the relevant country. In your proposal, this has to be written clearly. In the contract, we will mention that you will be the one handling the contract and payment. There also should be written consent from your colleague about this.

On behalf of DRC

Yours sincerely,
